## ABOUT BAL BHARTI ACADEMY

Bal Bharti Academy is a Non-Government, Non-Profit NGO registered under Section 21, Indian Societies Registration Act, 1860, engaged in various developmental, training and other socially important activities such as health awareness, livelihood, women empowerment, skill development, etc. since 1970.

Having done programs associated with Planning Commission of India, ASSOCHAM (The Associated Chambers of Commerce & Industry of India), United Nation Millennium Development Goal, Ministry of Minority Affairs, Ministry of Textiles, Ministry of women and child development, Ministry of Development of North Eastern Region, Ministry of Labour and Employment etc. Bal Bharti Academy is leaving no stones unturned for the betterment of the society. We have done programs directly or indirectly with UP, New Delhi, Punjab and associate offices all over India to carry out various events and exercises for the benefit of the needy.

The way to erase poverty is not just about giving financial assistance to people who lack money as poverty is a more complex issue that is dependent upon the social and economic circumstances in which it arises. Bal Bharti Academy's outreach to the disadvantaged and under privileged sections which cover various skills like stitching and tailoring, sewing, embroidery, hygiene and sanitation, tourism sensitisation, English language skills and even basic habitation programs. We have covered children, the elderly, handicapped and men and women from weaker sections of the society. We have training modules in which these eleven topics are covered: Common Childhood Illness and Immunisation, Family Planning Government Mechanism, Health and Hygiene, Home Management, Issues related to Women, Leadership of Women, Life Skills, Schemes/Programmes for Welfare of Minorities, Public Distribution System and Waste Water Sanitation and Solid Waste Disposal.

Bal Bharti Academy is committed to work with various sections of society in order to facilitate access to employment opportunities – be it through focused skill oriented training, soft skills, personality development, job oriented training or through assessments and certifications that further improves employability. Bal Bharti Academy is also bringing together industry and the government for specific interventions that will assist in creating employment opportunities by promoting entrepreneurship, mentorship, innovation and creativity.

With under current to provide relief to poor today we have got an enthusiastic and energetic team together who are excited to work on this vital initiative of "EDUCATION TO NATION".

## OUR VISION

We believe that education only will bring equity, dignity, justice for all and can transform the lives of people.

## OUR MISSION

Education provides children with opportunities to escape poverty, and improve their own community by giving them better quality of life. We give chances to the under privileged, the chance to fight for themselves, the chance to fight for what they deserve, a proper education. WE BELIEVE education is not a privileged but a right. Education is not something that has to be bought, it is something everybody deserves.

## WAY AHEAD

- To Play a Key role in capacity building.
- Create a healthy exchange of experiences and knowledge to create a wholesome learning experience for students, such that they are better prepared to become key contributors to industry.
- We are recognised and preferred people partner to the industry, through active collaboration and interface in curriculum building, feedback and input on training to correspond with emerging trends and a comprehensive assessments system.

## ABOUT OUR BOARD MEMBERS & COUNCIL OF ADVISORS

Our Board of Members and Council of Advisor's include eminent and dignified personalities who have vast experience in various domains. These include educationalists, philanthropists, industrialists, academician and senior government officials. To create positive social change by promoting health; literacy make people self-reliant and dignified so as to enjoy a sustainable quality of life. Raising awareness (physical, emotional, psychological and social) for a healthy life style amongst children, youth and women and making of a cognitive society, with an intention to put collective efforts to work together.

Best NGO Award by ASSOCHAM

Leh Ladakh Workshop

MOOCS

Vocational Training

Hospitality Training

## OUR PROJECTS AND INITIATIVES

### EDUCATE A CHILD

Education transforms lives and breaks the cycle of poverty that traps so many children. Not all children are provided with an equal chance for an education. If you are fortunate to have a good education system, you can try to help other children in need.

### HOPE – FESTIVAL

We at Bal Bharti Academy organise an yearly festival known as “HOPE” for the children located at Nai Asha orphanage near Meerut on every 31st December of the year. In this one day event orphan childrens are made to enjoy the event at the fullest so that they can get enthusiastic about the coming year with positive and good hopes of a better life as they continue to grow with the support and contribution of the society. They are empowered with a vision for the coming year & embarked for a journey in the upcoming year. Our team physically presents every year to make children feel happy and make a positive difference in their life

### VOCATIONAL TRAINING

Bal Bharti Academy provides Vocational training in tailoring, broom making & banana fiber bag making and soft toys making etc. Through this training the rural women stand on their own legs and they not only learn a way to livelihood but also support their family through the skills they have learned.

#### Our Programs in Rural Areas

- Tailoring
- Hand Embroidery
- Beautician
- Painting
- Weaving
- Handicraft
- Preparation of articles for festivals
- Health and Legal Awareness
- Animal Management
- Medical free check-up camps etc.

### UJALA – INITIATIVE FOR CAREER ASSESSMENT & SKILL DEVELOPMENT

The purpose of this project is to make the school students across India, specially the financially weaker sections of the society to get the right career guidance and motivate them to take the right career as per their skill sets. This shall further lead them to find suitable and best possible jobs for themselves.

### HANDICRAFTS TRAINING

Handicrafts are the indigenous creation of ordinary people of villages. They have a tradition which remains unchanged or unaffected over generation. Earlier these are made with utilitarian motive but slowly the demand has increased. Our main object is to train artists, jewellers and crafts persons to improve techniques and absorb new ideas, develop contemporary designs, and attain international standards of excellence. Believing that true development grows from self determination, the Trust exposes artisans to the entire process of design, production and marketing and encourages them to participate at all stages. We Organise Artisan Self-help groups and also conduct workshops were people not only learn craft but can also learn to teach others.

#### Workshop Programs:

- Stone Carving Items
- Jari and Patchwork
- Soft Toys
- Dari and Carpets
- Leather Goods
- Jute Goods
- Pottery
- Paintings

## HOSPITALITY MANAGEMENT TRAINING

The project enable the rural masses to acquire the basic training in the field of hospitality and home management, so that they become self dependable and support their family by getting the relevant jobs.

## CONCERN 2014

CONCERN 2014 in its endeavor to enhance the quality of Indian education institutes and its continuous thrive to benchmark Indian education at world scale is organizing the one day conference. The conference aims to provide a platform to the vice chancellors, senior functionaries of the government and heads of different apex agencies of education councils and the most important element – “students” and student unions to debate and discuss on the challenges, implications and modalities that needs to be enforced to improve the current education scenario.

## MOOCs

MOOCs can play an important role in enhancing knowledge base of students in rural area, where there is no access to quality education. The most amazing fact about this journey was the minimum inclusion of secondary facilities like computer and internet. The outcome of the journey indicators that even with little input the results can be a tremendous. The primary purpose of this initiative was to break the barriers of accessibility to infrastructure & distinguished faculty in delivering quality education among rural population. Thus delivering education using MOOC sin rural areas we can combat the cost of infrastructure and in process delivery quality education.

## BHAGAT SINGH MOVEMENT

The objective of the campaign is to bring a change in the existing education system of the nation and get recognition to the Freedom Fighters of India. Revamp education system of India; help Bhagat Singh and his fellow comrades to get the “Shaheed” status. Also to build a Shaheed museum in memory of all the freedom fighters and heroes who have laid lives post Independence. To bring a change in government functionaries and education Institutions.

## WOMEN LEADERSHIP DEVELOPMENT PROGRAMS (JAGRUTI)

Bal Bharti Academy has initiated numerous efforts for women empowerment. Self help groups for women, tailoring classes and broom makings for women, special health camps for women etc. are few of them. To improve the skill development, crime against women, education, family planning, rights of women, banking knowledge & hygiene and create awareness among the women's from minority, who belongs to rural areas of India. Economic self reliance brings dignity and self respect in a person. This helps person to avoid instinct of corruption or crime in him/her. The literacy classes conducted under awareness programs have given women as opportunity to break the isolation which is socially structured into their lives, giving them a chance to meet other women and learn collectively- rather than learn singly as individuals. The newly acquired awareness have enhanced their ability to solve family problems and learn new skills. Women are communicating how they have started feeling more confident, how their articulation has improved, how they have become more discerning and how they have learnt to function autonomously.

## EDUCATION AWARENESS TO RURAL STUDENTS/REFORMS IN EDUCATION

All children should have the opportunity to attend their neighborhood school as far as possible. Our target is to provide basic needs to the students like we have included School Stationery Kit (Per Candidate for Rural Students). We are organising different Education Awareness programs for rural students in which our staff will provide some basic training and workshops on education.

## MEDICAL & HEALTH CAMP

In rural areas where people are neither able to afford no medical treatment or having any basic knowledge regarding health and hygiene, Bal Bharti Academy has been organising such camps in and across the district of Meerut. So, through these programs people are given various tips on health issues. Besides these, basic health problems and sicknesses are diagnosed with free medicines. Medicines were given Free of Cost to pregnant women, children and elderly people. The program is conducted in its targeted area with the hired doctor from the government or private hospital. In fact, these programs have been great benefits to many such peoples who could not reach to the nearest local hospitals. These camps were organised on every Sunday at various villages across Meerut district starting from May 5th to August 25th 2013.

Following is the brief of benefits to the society in Social Development through Our Programs:

- Apart from the area nearing our established institutes we will also reach the villages that are urgently required to grow in all social respects. These can be the villages based deep inside India where even the government has not been able to reach and which are not even aware of development programs.
- We will also record development in villages and show it to people of other villages so that they are motivated and become enthusiastic about taking part in the programs conducted by us.
- The heads and enterprising people of such villages will also be made to visit developed places, so that they can see and learn and develop leadership skills.
- Promoting income generating programmes for the rural people that might also create permanent rural assets.
